# MPD EDITIONS

*Luxury-powered pattern design  
for the world's most discerning houses.*

---

A reference document outlining the MPD Editions service: how to access the gallery, what each acquisition includes, the conditions of exclusivity, and the bespoke services available to expand a chosen narrative into a full collection.

# WHO WE ARE

---

Mila Prints Design is an author's studio crafting sophisticated print narratives for premium and luxury fashion brands worldwide.

Born in Argentina. Formed in the ateliers of Milano, where luxury is a standard, not an aspiration. The perspective MPD brings is rare: Latin sensibility refined by Italian craft precision, honed across seven years in the ateliers of Gucci.

*Curated. Created. Envisioned.*

THE EDITIONS APPROACH

# MPD EDITIONS

*Curated and ready.*

---

A different way to access the same level of creative vision. Each capsule released is placed exclusively with one house and permanently retired from ours.

## ■ TREND-DRIVEN

Capsules curated in alignment with global fashion calendars and Agustina's authorial perspective.

## ■ ONE HOUSE ONLY

Each print narrative placed with a single house. The creative conversation is singular by design.

## ■ EXCLUSIVELY YOURS

The Rule of the Vault: every design acquired is immediately removed from the marketplace. Forever.
